Usability and Features

- **High-Strength Steel Construction**

This container is built from 14-gauge high-strength corrugated steel, ensuring durability and longevity.

- **Sturdy Marine-Grade Flooring**

It features a robust 27mm marine-grade plywood floor, ready to handle whatever load you place inside.

- **CSC Certified & ISO-Compliant**

The container meets international shipping standards, making it compatible with a wide range of logistics requirements.

- **Spacious 20ft Design**

There's plenty of room for transporting cargo of various sizes, and it's tough enough for even the heaviest loads.

- **Weather & Rodent Protection**

No matter the conditions, this container will keep your goods safe from the elements and unwanted pests.

- **Ventilation & Security Features**

Multiple air vents provide proper airflow, lashing points ensure secure cargo fastening, and a lockbox offers an extra layer of security.
