Usability and Features

- **Removable Roof for Oversized Cargo**

The open-top design allows for easy loading and unloading of tall or irregularly shaped items using cranes or other lifting equipment.

- **Durable Steel Construction**

Built with high-strength steel, this container ensures robust protection and longevity for various cargo types.

- **Standard Dimensions for Compatibility**

Measuring 20 feet in length, 8 feet in width, and 8 feet 6 inches in height, it aligns with standard shipping container sizes, facilitating seamless integration into existing logistics systems.

- **Secure Tarpaulin Cover**

Equipped with a heavy-duty tarpaulin, the container safeguards contents from environmental elements while allowing flexibility in cargo height.

- **Versatile Applications**

Ideal for transporting heavy machinery, construction materials, and other bulky items that require top-loading capabilities.

- **Compliance with International Standards**

Designed to meet ISO specifications, ensuring compatibility and safety in global shipping operations.

Dimensions (ft/m)
