Usability and Features

- **Open-Sided Design for Oversized Cargo**

With no side walls and a sturdy base, this container is ideal for transporting heavy and oversized items that don't fit into standard containers.

- **Collapsible End Walls**

The end walls can be folded down, allowing for easy stacking and efficient storage when the container is not in use.

- **Robust Steel Construction**

Built from high-strength steel, ensuring durability and the ability to handle heavy loads during transit.

- **Lashing Rings for Securement**

Equipped with lashing rings on the side rails, floors, and corner posts to secure cargo safely during transportation.

- **ISO Certification**

Complies with ISO standards, ensuring compatibility with global shipping and handling systems.

- **Versatile Applications**

Perfect for transporting heavy machinery, vehicles, construction materials, and other large equipment.
