Usability and Features

- **Ideal for Cold Chain Logistics**

Perfect for transporting temperature-sensitive cargo, such as food, medicine, and perishables, across long distances.

- **15 kW Generator Output**

Equipped with a brushless, self-regulating generator that delivers 15 kW of continuous power, keeping cargo safely cooled.

- **130-Gallon Fuel Tank**

Features a large 130-gallon fuel tank, providing extended operation periods and reducing refueling frequency.

- **Lightweight & Easy Installation**

Weighing just 1,675 lbs (dry), designed for simple attachment to refrigerated containers, facilitating easy handling and transport.

- **Advanced Control Panel**

Low-mounted, waterproof controls include preheat functions, start/stop operations, and automatic shutdown for optimal safety.

- **Compatible with ISO Reefer Containers**

Perfectly suited for standard ISO and DNV 2.7-1 reefer containers, ideal for temperature-sensitive cargo transport.

Dimensions (ft/m)

Explore shipping container sizes and prices at Pelican Containers today for a highly profitable deal! We always provide information about what size are shipping containers and assist you in finding the right ship container size for your needs.
