Usability and Features

- **Full-Length Side Opening**

Equipped with doors along one of the long sides, this container allows easy access to contents along its entire length, facilitating the loading and unloading of oversized or palletized goods.

- **Increased Height (High Cube)**

Standing at 9 feet 6 inches (2,896 mm), it offers an extra foot of vertical space compared to standard models, accommodating taller or bulkier items.

- **Durable Corten Steel Construction**

Built from high-quality Corten steel with corrugated walls, ensuring longevity and resistance to harsh weather conditions.

- **Marine-Grade Plywood Flooring**

Features a 27mm thick marine-grade plywood floor, resistant to moisture and pests, providing a sturdy base for various cargo types.

- **Secure Locking Mechanisms**

Equipped with a built-in lockbox and reinforced door mechanisms to prevent unauthorized access and ensure the safety of stored items.

- **Ventilation and Lashing Points**

Includes multiple air vents for proper airflow and lashing points to secure cargo during transportation.
